OUR Story

We have a *single focus* to make unique personalised toys for children and nothing else

"I started Cubbies on my own back in 2010 from my apartment in Toronto and it grew year on year. I had one vision in mind and that is still true today, putting smiles on kids' faces." Lee White - Founder

We are a small manufacturer that has plenty of Cubbies just waiting for both your embroidery *talents* and your customers' *love*

"I love being part of the Cubbies family because you are always in pursuit of excellence. I send you all in Cubbies HQ a big hug!"

Virginia Montes 
LOS GANCHITOS DE LA PIMPIS

"We've used Cubbies for several years now and their characters are much loved by our customers! The range of characters is a great appeal. The quality and design are perfect for our personalisation, ordering via their online platform is simple and stress free and makes the process very simple. Highly recommended to anyone in the gift industry."

Steph Lane 
BEYOND THE STORK GIFTS

"I did my first craft show this weekend and it was a HUGE success thanks to Cubbies!!! I sell a lot of different things but nothing compared to the reactions I got over Cubbies and Dumbles. Literally every person stopped at my booth and went on and on about how amazing they are! I walked away with about 20 paid orders and business cards given to about 300 people! Thanks for such an awesome product!"

Kelly Willenmyer 
KELLY'S CREATIONS 4 YOU

The Cubbies team is always reliable, and the ordering process is simple and efficient, which makes our cooperation significantly smoother. We are proud to be part of the Cubbies community, and we eagerly await to see what new innovations they will bring in the future."

Bela Balog
